Quantity: 15⌘
⌘
Estimated Time: 6h 0m⌘
Complexity: moderate⌘
Recommended Crew: 2 person(s)⌘
AI Notes: The installation involves 15 signs, with two sizes (10" x 10" and 4' x 8') and varying complexity due to printed vinyl overlay on both sides with matte lamination, plus brackets with satin silver c-channel. Each smaller sign should take approximately 15-20 minutes, while installing the larger signs may take closer to 45-60 minutes each. Accessibility challenges and surface considerations likely necessitate moderate complexity and a lift or ladder.⌘
